THE HISTORY

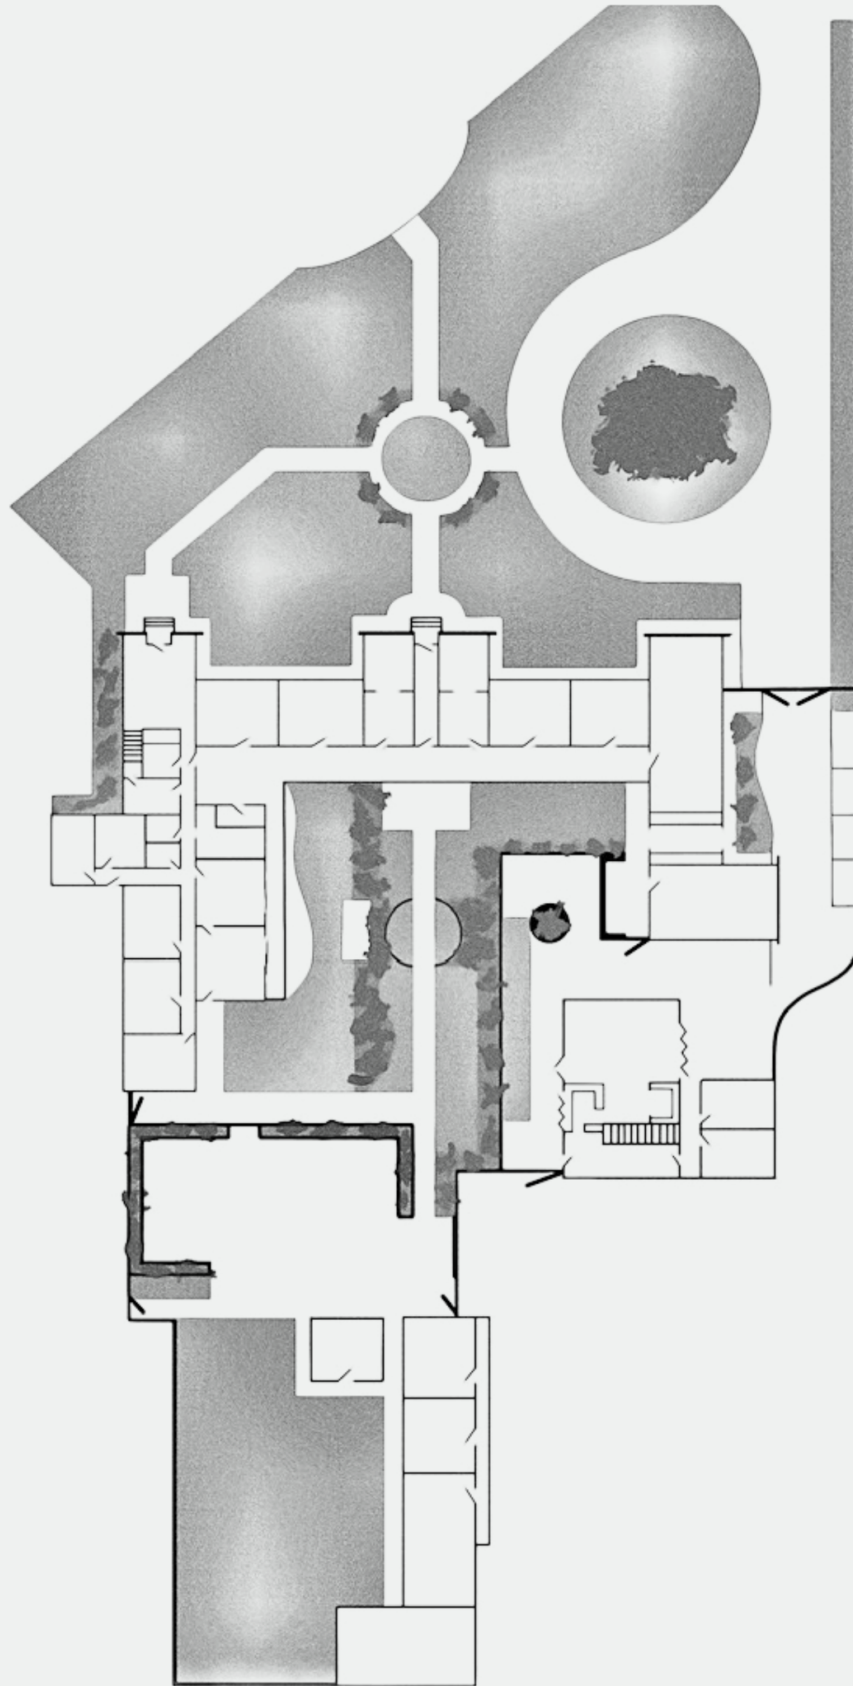

Formerly the Murray Ovens Benevolent Asylum - The Benev is a 1862 build that housed immigrant miners and orphans from the gold rush era, providing a safe place while they recovered and re-gained their health.

The run down property was saved and transformed with a remarkable renovation concluding in 2018. Benevolent means 'to give back', seems so appropriate that its rebirth is now a place for respite and wellness.

THE SETTING

The Benev is situated in Beechworth, one of the most picturesque corners of Victoria's high country, just 3 hrs from Melbourne and 40 mins from Albury Airport.

With soaring views and stunning grounds, our property sits high on the hill emboldened by mountains, vineyards, rainforests, rivers and waterfalls. The Benev represents an elevated approach to slow and considered living, honouring our history, our land and our people.
